

THORLABS

is Coming to Boston, MA!

Join us for two days of technical talks, hands-on product demos, and the chance to image your own samples.

Thursday, September 19
& Friday, September 20
10 AM - 3 PM

Goldenson Building, Conference Room 122
220 Longwood Avenue, Boston, MA 02115

Join us in the heart of Boston for a hands-on experience with our imaging systems. Live systems will be on display for customer use, including our Prism-Award-winning Prelude[®] Functional Imaging Microscope, Miniature Two-Photon Microscope, and Rotating Bergamo[®] II. Customers are invited to bring samples to image. New and soon-to-be-released imaging products will also be on display.

Book a time in the lab to bring your own sample!

Scan the QR code, reserve your time under "Get Tickets", and Thorlabs will reach out to you.

Technical Talks (*Space is limited, register to reserve a seat.*)
